Daimer Industries is the exclusive provider of the most durable and high-performance line of steam cleaners in the industry, namely the *KleenJet*® *Steamer* series. We are proud to offer to our customers the steam cleaner models that are ideal for most of your cleaning tasks. The Ultra 1500C is an especially popular model for residential, business, commercial and non-commercial sectors seeking a solid, high-quality steam cleaner with all the advanced steam cleaner features for which Daimer is known, including our patented self-cleaning boiler, continuous-refill, and others. Now the operator can fill the system with water without shutting down, saving valuable time versus a tradition pressure cap-based steamer.
