Daimer®'s industry-leading Super Max™ pressure washers are available in more than 400 models and configurations. The product line includes general purpose mobile machines, multi-gun stationary systems, pressure washers designed for indoor and outdoor use and equipment manufactured for auto detailing. The machines are available with pressure levels as high as 8000 psi and temperatures up to 330°F. Daimer® also offers systems that support wet steam cleaning for cutting grease. Daimer®-only technologies available in Super Max™ pressure washers include: Long Hose Technology that supports hoses up to 300 feet in length and Auto Shutoff Technology™ for reduced system wear. Daimer® pressure washers are available in 50 Hz and 60 Hz configurations.

- With a 1 ½" spray pattern, this wet sand blaster is ideal for spot removal of rust, corrosion, paint layers, and other heavy deposits from metal surfaces, restoring them to shiny bare metal.
- Gasoline engine is ideal for outdoor applications where electrical outlets are not available.
- 2 gallon gasoline fuel tank included.
- Free Skid Configuration for Trailer Mounting

| Model                         | Super Max 8950C-840 WS                           |
|-------------------------------|--|
| Pressure                      | 5000 PSI   |
| Flow Rate                     | 4.5 GPM  |
| Temp. Options                 | Cold water                                       |
| Steam Temp. / Hot Water Temp. | N/A / Optional support up to 180°F               |
| Standard Power Method         | Gasoline Engine                                  |
| Motor Size                    | Heavy duty 18.0 HP – OHV, manual starting system |
| Minimum Generator Size        | N/A  |
| Gasoline/Diesel Fuel Capacity | 2 gallon tank                                    |
| Ignition System               | Electronic ignition                              |
